Dance In Your School

⇒ **FITNESS**

⇒ **LIFESTYLE**

Dance is a powerful teaching tool that engages students physically, mentally and creatively; an inspirational way for students (and teachers) to move beyond the traditional class room and gain skills in new and exciting ways.

Dance Factory is Melbourne's most established and respected performing arts studio, training dancers and teachers for Australia's dance community and stage since 1985.

Our Richmond studio complex offers classes to all students and all levels; from the casual student right up to our fully accredited full time dance courses.

For many years now, Dance Factory has been providing dance education to schools from all over Victoria. We have the experience, staff and options to provide you with the right dance outcome for your school.
